REASONS FOR ALLOWANCE

- 1. The following is an examiner's statement of reasons for allowance: The prior art references of record do not teach (alone or in combination) all the limitations together, within the independent claims 1 and 21. For example, the independent claims contain limitations of transferring messages between protocol layers through the communication subsystem controller, which built the layers. Applicants' arguments [Paper No. 11 and 14] and the Decision from BPAI [Paper No. 19] have been fully considered and are persuasive to the limitations of claimed over the prior art of record. As shown in the instant independent claims, the arguments toward Choquier and Pearson in the Appeal Brief/Reply and the reversal part of the Decision, pages 9-11, the Choquier and Pearson references (alone or in combination) do not disclose or suggest all the limitations within the instant independent claimed invention. Therefore, the combination of the limitations is allowable subject matter, in light of the specification and in view of the Applicants' and the BPAI persuasive arguments. The independent claims 1 and 21 (and their dependent claims) are allowable, since the claim language discloses this combination of limitations over the prior art of record.
- 2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2145

3. Claims 1-14 and 21-34 are allowed.

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason D. Cardone whose telephone number is (571) 272-3933. The examiner can normally be reached on Mon.-Thu. (6AM-3PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Valencia Martin-Wallace can be reached on (571) 272-6159. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
